# SHADAB PASHA

**Mob: *+971-586860898, 050-5229141, whatsapp+919972575280* Email: shadab.95.pasha@gmail.com**

### Key Result Areas

- Software Development
- Data Analysis
- Python Programming
- Training on programming
- Machine Learning

### Personality Traits

- **Analysis Skills:** Thorough and critical review of all information.
- **Tenacity:** Take initiative to get tasks accomplished. Balance skepticism with objective analysis in running down solutions to risks and problems.
- **Collaboration/ Teamwork:** Collegial working relationship with the company.
- **Quality:** Consistently adhere to and applies company's policies and procedures. Always prepared for meetings with current information.
- **Accountability/ Reliability:** React quickly and urgently to risks, problems and issues. Work well independently and takes initiative to find answers and seek guidance when appropriate.

## CAREER OBJECTIVE

To acquire a challenging Position in an environment where i can best utilize my skills and education.

## FUNCTIONAL SKILLS

*Coding Languages:*
- Having good knowledge on python programming language.
- Provide physical working environment that provides a positive, productive climate for operations through software planning and skills on programming language.
- Having good knowledge on java programming, flask framework and models which are used in Machine learning implementation

**Database Knowledge:**
- Database Architectural skills
- Basic understanding of database designing and Normalization
- Ability to interpret the better design of the database for optimal working of the database and to minimum time complexity of data retrieve from database
- Ability to handle a wide variety of tasks

*Data Structures and Algorithms:*
- Identifying the proper data structure for relevant software design.
- Identifying and developing relations with keys of different relations in a database Architecture
- Having ability to write the algorithm for a software with time complexity and space complexity.

*Source Control:*
- Having knowledge on Source Control Management which describes a system that helps to find the changes to a program coding language.
- Having knowledge of Git and Githug as beginner in software version control

*Testing procedures:*
- Identifying and implementing strategies for unit testing, integration testing and system testing for a software
- Having knowledge on automation testing how a program or a collection of programs can be testing automatically using some other software.
- Initiative of a software development process to find and remove errors and bugs in a program through a software or manually.

## CAREER HISTORY
### 2019 To Till
### Software Developer and Trainer
### TECHAMPLITUDE PVT. LTD. SHIVAMOGGA INDIA

**Accountabilities:**
- Analyse and implement models of real time software
- Implementation of designed models of a software
- Provide training of python programming concepts for the new employees
- Analysing the data for the betterment of the organization in the market
- Implementation of Academic Research Projects on machine learning which are having paper published

**December 2018 to February 2019**
**Full Stack Development**
**MAHAT INNOVATIONS PVT. LTD. SHIVAMOGGA INDIA**

**Accountabilities:**
- ➢ Implementation of frames of a project eye care management system for a hospital
- ➢ Building models to handle the data of users
- ➢ Creating API to manage the data of the appointments
- ➢ Designing the database architecture to store and retrieve the data in optimum way

## AREAS OF EXPERTISE

- ◆ Data Analysis

- ◆ Python Programming

- ◆ Flask (Framework)

## PROJECT'S UNDERGONE

**Project**
**Project Title**: MCAMP
**Company**:  Mahat Innovations Pvt. Ltd, Shivamogga

**Internship**
**Project Title**: Full Stack Development
**Company**:  Mahat Innovations Pvt. Ltd. Shivamogga

**Project**
**Project Title**: Academic Performance Predictions
**Company**: Techamplitude, Shivamogga

**Project**
**Project Title**: Movie Recommendation System
**Company**: Techamplitude, Shivamogga

## EDUCATION

| YEAR | QUALIFICATION | University/Institute/Board | PLACE |
|------|---------------|----------------------------|-------|
| 2019 | MASTER OF COMPUTER APPLICATIONS (MCA) | JAWAHARLAL NEHRU NATIONAL COLLEGE OF ENGINEERING | SHIVAMOGGA (INDIA) |
| 2016 | BACHELOUR OF COMPUTER APPLICATIONS (BCA) | KUVEMPU UNIVERSITY | SHIVAMOGGA (INDIA) |
| 2013 | PUC | NATIONAL COLLEGE OF PUC | SHIVAMOGGA (INDIA) |
| 2011 | S S L C | DVS HIGH SCHOOL | SHIVAMOGGA (INDIA) |

## PERSONAL INFORMATION

- ◆ Date of birth: 16 Jul 1995
- ◆ Languages known: English, Hindi, Urdu & kannada
- ◆ Address: 13th Cross Sulebylu Shivamogga 577301, India
- ◆ Passport No: **Y7353373**; Expiry Date: 30 Jul, 2033
- ◆ Driving License: Indian driving license No: DL No: KA1420140010159, VALID TILL 14/09/2034
- ◆ UAE Visa: Visit Visa VALID TILL 20/11/2023
- ◆ Interested Fields: Software Development, Data Analysis and Web development.
- ◆ *Preferred Locations: Saudi Arabia / Qatar/ Kuwait/ Singapore/ Turkey/ Bahrain/ UAE/ South Africa/ Australia*
