

HIBA PARIYAKATH

CIVIL ENGINEER

18 Visa Transferable

PROFILE

Motivated and detail-oriented Civil Engineer with 2 years of hands-on experience in planning, quantity surveying, BIM modeling, and project coordination. Demonstrated success in supporting large-scale residential construction projects, including timeline and resource management, quality control, and cross-functional collaboration. Proficient in AutoCAD, Microsoft Excel, Primavera P6, and BIM tools, with certifications in Construction Planning, Scheduling, and Quantity Surveying. Currently seeking civil engineering opportunities in Kuwait to contribute technical skills, problem-solving ability, and project execution expertise in a dynamic construction environment.

WORK EXPERIENCE

■ 11/2023 - 02/2025

HiLite Builders Pvt. Ltd , Kerala, India

Junior Engineer -Civil

- Spearheaded the planning and execution of HiLite Olympus, a premier luxury apartment project featuring 938 flats across two towers, contributing to an estimated budget of ₹600 crore and ensuring timely project completion.
- Coordinated cross-functional teams including consultants and site personnel, facilitating seamless communication that led to reduction in project delays through proactive problem-solving strategies during critical phases
- Conducted site inspections and quality checks to ensure compliance with standards.
- Collaborated with MEP teams, civil engineers, and consultants to identify and resolve design issues, ensuring smooth project execution and alignment across disciplines
- Assisted in quantity surveying, including estimates and take-offs.
- Supported project monitoring, managing timelines, budgets, and resources.

■ 07/2023 - 10/2023

IACM , Kerala, India

Graduate Engineering Trainee

- Gained hands-on experience in quantity surveying, cost estimation, and budget preparation for construction projects.
- Assisted in project planning, scheduling, and execution while learning construction methods and techniques.
